

PeakTech® 2800

PROD-ID: P 2800

Laser-Distance-Meter

This professional Laser Distance Meter with LCD-display and backlight is designed for a high accuracy, one person distance measuring and estimating tool to measure remote and difficult reaching places. The compact and handy base model was specifically designed for indoor and outdoor applications. Shortcut keys for addition, subtraction, pythagoras, area and volume calculation make measuring fast and very reliable. The last 20 measurements are also stored.

- Distance measurements up to 50 m
- Class 2 laser; < 1 mW; 635 nm
- Area- and volume calculation
- Addition- and subtraction function
- Continuous-, MIN- and MAX-measurement
- Storage for the last 20 measurement values
- Auto-power-off-function
- Accessories: batteries, carrying case and manual.

| | |
|--------------------|--|
| Measuring range | 0,05 - 50 m |
| Accuracy | +/- 1,5 mm |
| Measuring units | m (meter), in (inch), ft (feet) |
| Laser | class 2 output: < 1 mW wave length: 635 nm |
| Resolution | 1 mm |
| Auto-power-off | after 3 Min. |
| Protection class | IP 54 |
| Operation voltage | 2 x 1,5 V AAA |
| Dimensions (WxHxD) | 48 x 115 x 28 mm |
| Weight | 135 g |
