

GC-3005A GC-3005B, Ultrasonic Distance Measurer

GC-3005A

Ultrasonic Distance Measurer with Calculation of Vol, Area and Backlight.

GC-3005B

Ultrasonic Distance Measurer with Calculation of Vol, Area and Laser Pointer.

- * It can convert from short distance to long distance automatically
- * Three memories for length, width, and height
- * Adds and subtracts between the stored data;
- * One-touch calculation of volume, area and backlight
- * Measures from 2ft to 60ft (0.61 to 18.30m)
- * Meter or feet conversion
- * Accuracy: +/- 0.5% +1 digit
- * Auto power-off
- * Backlight by pressing the 'light' key (3005A); laser pointing by pressing the 'laser' key (3005B)
- * Low battery indication
- * One 9V battery required
